

Ashes on the Sea

Bruce 'Utah' Phillips

What is this song I hear re - peat-ing Sprung from the

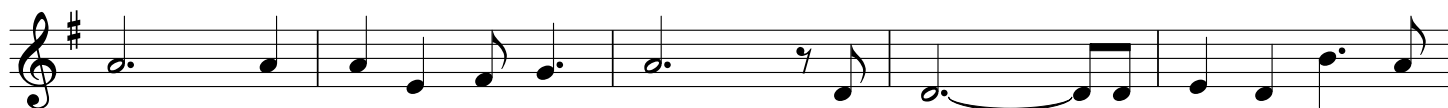

care-less seeds you've sown Our songs will come and go like

sea-sons To bloom and fade all on their own.

And now I know I can-not find you You're

gone from all but mem-or - ies And I am told that one who

loves you Has strewed your ash-es on the sea
